Reference to: Response to our Amendment of 15th May - URGENT

Dear Mrs. Weeks,

I am writing to you in reference to your reply from 27th August 2002 concerning the application that we sent on 15th May 2002. We would like to find out if your decision is not final as it is written on the first page of Office Action Summary or it is final, as it is written on ninth page

Your response had 6 weeks delay and we think that by courier it will not be enough time to discuss everything. We still have many doubts, which we would like to discuss. We want to ask you if it would be possible for you to meet us on 13th or 14th November in USA (13th is more convenient for us) in order to explain all the things?

Yours sincerely

Marek Łagodziński
